### INFORMATION ALL PARENTS SHOULD KNOW ABOUT MENTAL HEALTH INSURANCE COVERAGE

Stanbro Healthcare Group provides in-network services for a wide variety of insurance providers. We also provide documentation of billing and services if you prefer out-of-network coverage. We are not contracted with and do not accept Medicare.

Please note that mental health coverage is frequently very different from medical coverage. Also benefits allowed by your insurance provider are frequently subject to change beyond our control. We strongly encourage you to contact your insurance provider or benefits administrator to verify the specific mental health services allowed by your insurance plan.

- **Verification of mental health benefits and preauthorization for services:** As a courtesy to you, we obtain information regarding your mental health benefits and preauthorization before your first visit. You will be provided with the information we are given by your health plan and we encourage you to refer to your policy manual or call your plan to confirm the information provided to us.
- **Co-payments:** Costs are often a percentage of the charges incurred instead of a fixed dollar amount. Information about co-payments for mental health services is rarely listed on the insurance card and is obtained by calling the plan.
- **Deductibles:** Mental health services are often separate and in addition to the medical deductible outlined by your insurance plan. If the deductible required by your plan has not been reached, we may need to collect the full amount for services at the time of your appointment.
- **Referrals:** If your child is covered by a managed care insurance plan which requires referrals, you must obtain referral forms from your child's primary care physician prior to your visit (Tricare plans require this referral). Please note that a written referral is a requirement of the insurance company and that we must adhere to the plan's administrative requirements in order to receive payment on your behalf.
- **Limits:** Frequently, mental health benefits are limited per calendar or plan year. Please consult your policy manual regarding your maximum calendar year or plan year benefits.
- **Testing:** Neuropsychological, psychological, and developmental testing are frequently requested by our clinicians and referrals will be made for the needed testing. Most insurance companies limit the number of testing hours covered. Please contact your insurance provider prior to the referral being placed to verify limits and coverage.
